Execution of K H Road Departmentally

To

The Comm Corporation of City of Bglore.
Issued No L6723 dated 6/9/55
Requests to forward explanations of the staff and officers concerned as to why the G O dated 30-11-54 was not followed

From

The Comm Corpn of the city of Bglore Letter No B3-PR 23/55-56 dated 18/10/55 furnishing the information in the matter

9) The letter of 18-10-55 (page 9) of the Commr is submitted for perusal the C E may be consulted in the first instance as usually when the all works of cement concreting of roads in the P W D are being done on the lines indicated in the letter of the Commr and whether there is any rule to the effect that the works of this type should not be got done by contractors after calling for tenders for perusal and orders with reference to paras 4 and 5

Mrs 24/10

10 Orders were passed by Government sanctioning the estimate for Rs 1,68,400/- for cement concreting the Kengal Hanumanthaiah Road The work was ordered to be taken up for execution after calling for tenders The work was done under 'Amani' basis and tenders were called for for the supply of materials Now the Corporation Commissioner states as follows -

"The practice in Public Works Department always in cement concreting of roads, is to collect metal and sand by calling for tenders and to get cement directly from the factory and execute the labour portion of cement concret-

5187/111

5

EXECUTION OF K H ROAD(DOUBLE ROAD) DEPARTMENTALLY

concreting works by departmental agency This system is followed to get best type of work done directly by the department and to prevent misuse of cement and to do the work economically No where, the whole work of cement concreting including supply of cement is entrusted to any contractor This has been the practice all these years both in P W D and in the Corporation, whenever roads are cement concreted So, the order of the Government that the tenders may be called for, for this work is taken to mean to apply to tenders only for the supply of materials and not for supply of cement or actual labour portion"

11) Thus the Engineer Officer of the Corporation thinks that he has complied with the orders of Government by calling for tenders for material portion only I think his contention is quite contrary to the orders passed by Government Orders passed by Government were to call for tenders for the entire work and not for tenders for materials only and do the work 'Amani' In this case there is violation of the orders This is for perusal

SIR,

Subject Cement concreting Sri Kengal Hanumanthaiya Road (Double Road), Bangalore

---

Adverting to Government Order No L 10489-93/C.M. 17-54-4 dated 30-11-1954 approving the estimate for Rs 1,58,400/- for the above work and directing that the work might be taken up for execution after calling for tenders and completed soon etc., I write to state as follows -

(1) With a view to expedite the execution of this work in this important road and to get good quality of work, proposals to obtain the supply of materials from the tendered contractors of 1954-55 and to get the labour work done departmentally, placed before the Corporation, were approved at their meeting held on 9-11-1954 Pending sanction of Government to the estimate, the work is taken up on hand, as per the resolution of the Corporation, and is in good progress The expenditure incurred so far - both in respect of obtaining supply of materials and of labour work, is kept under audit objection due to deviation of procedure, pending sanction of Government, as per copy of the Corporation Auditor's letter No. 128/C.A dated 30-5-1955, enclosed herewith

2 I request you to be so good as to accord sanction of Government for execution of this work in accordance with the resolution of the Corporation (copy enclosed) and for

p t o

& completing the same, as heretofore, so that audit objections may be waived. A copy of the Corporation Engineer's report is also enclosed herewith.

Yours faithfully,

(V P Deenadayalu Naidu,)
MAYOR

(D R Chennarudraiya,)

Resolution passed at the Adjourned Meeting of the Corporation of the City of Bangalore, held on the 9th November 1954

---

19 Recommendation of the Standing Committee (Works) dated 9-9-1954 that the work relating to the cement concreting of Kengal Hanumanthiah Road be done as follows, and the works be started pending sanction of Government to the estimate -

(1) That the supply of materials be entrusted to different contractors at the accepted tender rates for the materials for the year 1954-55

(2) That the whole work, except the supplies, be done departmentally.

"Resolved that the recommendation of the Standing Committee (Works) dated 9-9-1954 that the work relating to the cement concreting of Kengal Hanumanthiah Road be done as follows, and the works be started pending sanction of Government to the estimates, be approved

(1) That the supply of materials be entrusted to different contractors at the accepted tender rates for the materials for the year 1954-55

(2) That the whole work, except the supplies and except item No 4, viz improvements to footpaths, drains and culverts of double road 7½ furlongs length, be done departmentally "

Sri M Jayaseelan seconded the resolution and it was passed

Copy of letter No 128/C A dated 30th May 1955 from the Auditor, Corporation of Bangalore, to the Commissioner, Corporation of Bangalore

---

Sub Cement concreting Sri Kengal Hanumanthaiya Road

I write to state that Government while sanctioning the Estimate for the above work for Rs. 1,58,400/- in their No L 10489-93/C M 17-54-4 dated 30-11-1954 have specifically stated that the work may be taken up for execution after calling for tenders In the meanwhile, the Corporation in their resolution No.19 dated 9-11-1954 decided to take up this work for execution by recruiting labour Departmentally As per the said resolution of the Corporation the work is being got done by the Engineer Departmentally, and Muster Rolls are being ~~got done by the Engineer~~ sent to the Audit Office for payment authorisation In this connection, I write to state that the Muster Rolls were returned by audit office twice on 3-5-1955 and 23-5-1955 for obtaining specific sanction of Government to get the work executed Departmentally as against the direction given by Government to get the work executed after calling for tenders The Engineer has stated in his replies that the supplies are obtained as per tenders and the work is got done Departmentally in the interest of getting better work done However, as per the system of tender, rates are obtained and accepted for each completed and finished item of work which would be inclusive of cost of material and labour. As such it cannot be accepted in audit that the system of tender, as intended in Government Order, is followed by the Engineering Department Hence it is very essential that specific approval of Government to get the work executed Departmentally as against tender system should be obtained for admitting the bills and Rolls in audit However, the Rolls in question are passed in audit provisionally, keeping the amounts under objection as requested by you in your No. Dis 1067/55-56 dated 16-5-1955 and as it caused inconvenience to the labourers Further bills and Rolls relating this work will not be admitted in audit without specific approval of Government for the deviation I therefore request you kindly to take immediate steps in the matter

Copy of Report No A 1 CE Pr 155/55 dated 22nd June 1955 from the Engineer, Corporation of Bangalore

7

Sub Cement concreting Sri Kengal Hanumanthiah Road (Double Road

---

The Government in their order No G O L 16071-75/CM 145-53-2 dated 8-3-1954 approved of the handing over the 31 sites situated along Sri Kengal Hanumanthiah Road to the Corporation subject to the condition that the sites should be disposed of in public auction and the double road be cement concreted and completed within a period of six months

An estimate for Rs 1,58,400/- for cement concreting the Road was prepared and sent to the Government for sanction The Government approved of the estimate in their Order No L 10489-93/ C M 17-54-4 dated 30-11-1954 The Government while approving the estimates ordered that the work may be taken up for execution after calling for tenders and completed soon as the road is in a very bad condition

In the meanwhile proposals were sent up in order to get the work done quickly and to get good quality of work, pending sanction of the estimate by the Government

1 That the supply of materials be entrusted to different contractors at the accepted tender rates for the materials for the year 1954-55.

2 That the work, except the supplies be done departmentally

The Corporation in their meeting held on 9-11-1954 approved of the above proposals with the following modifications -

1 That the supply of materials be entrusted to different contractors at the accepted tender rates for the materials for the materials for the year 1954-55

2 That the whole work except the supplies and except item No.4 viz , improvement to footpaths, drains and culverts of double road 7½ furlongs length be done departmentally

The work has been started and it is in progress All road materials, such as baby metal, 1¼" granite metal and gravel have been collected as per approved tender rates The cost of materials including cement will cost about 75% of the estimated amount.

With a view to get good quality of work and also good progress, collection of materials has been entrusted to the Divisional tendered contractors at the tender rates for the supply of materials for the year 1954-55, and the balance of work has been taken up departmentally under nominal rolls as the work is extremely urgent and as the work hask to be completed within a period of six months as per the instructions of the Chief Minister

When the Nominal rolls for the labour charges were sent for audit, the Auditor, has raised an objection that the Government have ordered to take up the work after calling for tenders Sanction of Government is necessary to get the work done departmental as against tender system In the light of the above objection, the Government may be kindly addressed to sanction the proposals already approved by the Corporation in their resolution No.19 dated 9-11-1954 (Copy of the resolution and the audit objection enclosed for reference) In the meanwhile the Auditor may be requested to pass the nominal rolls for labour charges pending sanction of Govt

CORPORATION OF THE CITY OF BANGALORE

No 133-PR 23/55-56 Corporation Offices,
Bangalore 1, Dated 18th October 1955.

SECRETARIAT 5189 20 OCT 1955 MINISTRY BRANCH

Dr. R. CHENNARUDRAYYA, M.Sc. (Agri.), M.I.E.,
Commissioner,
Corporation of the City of Bangalore,

The Secretary to the Government of Mysore,
Education and L S G. Departments,
Bangalore.

Subject Cement concreting of Sri Kengal Hanumanthaiya Road (Double Road) Bangalore

With reference to your letter No. L.6723/C M. 100/55-2 dated 6-9-1955 on the above subject calling for explanation as to why the Government order dated 30-11-1954 was not followed, I write to state as follows

The Government Order dated 30-11-1954 says that the work may be taken up for execution after calling for tenders and completed soon as the road is in a very bad condition The practice in Public Works Department always in cement concreting of roads is to collect metal and sand by calling for tenders and to get cement directly from the factory and execute the labour portion of cement concreting works by departmental agency. This system is followed to get best type of work done directly by the department and to prevent misuse of cement and to do the work economically No where, the whole work of cement concreting including supply of cement is entrusted to any contractor This has been the practice all these years both in P W D and in the Corporation, whenever roads are cement concreted So, the order of the Government that the tenders may be called for, for this work is taken to mean to apply to tenders only for the supply of materials and not for supply of cement or actual labour portion.

In the present case, wide tenders had been called for, for the supply of jelly both big and small size and the lowest

rates for the year have been accepted by the Corporation at their meeting held on ~~9-11-1954~~ 16-6-1954 (copy enclosed) and sanctioned, and materials for this cement concreting work have been collected at the lowest tendered rates Cement, as is the practice, is got directly from the Factory and sand is collected from the Corporation lorries and actual labour portion of laying of cement concreting is done departmentally by the Corporation Engineering Staff by engagement of labour as is the practice ~~xx~~ all these years for cement concreting works both in P W.D. and Corporation as explained already So, there is no deviation from the order of the Government dated 30-11-1954 The cement concreting of roads is a different type of work than buildings or other works where whole work is entrusted to contractors after calling for tenders. Here, tenders had been called for, for the materials and the balance of work is done by the Departmental Staff.

As soon as the Government order No. L.10489-93/C M 17-54 dated 30-11-1954 was received, the Corporation Engineer was asked to take immediate action to expedite the road work and the Government order is placed before the Corporation for formal recording as usual

In view of the above facts, an order of the Government approving the resolution of the Corporation of 9-11-1954 may be issued early as the work is held up as the Auditor has not passed the bills of the tendered contractor for materials and for Nominal Rolls for the labour employed by the Corporation for executing the works.

Yours faithfully,

(V.P. Deenadayalu Naidu,)
MAYOR
